accounts of pilots who were there, first written in the 1960s when many of the events occurred. Richard Collier's account, *Eagle Day: The Battle of Britain*, was based on eyewitness accounts from RAF pilots, WAAF radar operators, newsmen, and others. The book chronicles the Battle of Britain, August 6-September 15, 1940, and the heroics that thwarted the German campaign to destroy the Royal Air Force prior to an invasion of England. The events are documented with quotations from those who were there, giving a rare and authentic glimpse into this pivotal period in history.
